6.	Parent, student, and teacher satisfaction	<p>PARENT SATISFACTION</p> <p>The school has a steady enrolment demand with vacancies existing in all year levels. Parent attendance at whole school events was significant, which indicates a high level of satisfaction. Special events such as the Easter Passion</p>												

Play, Award Assemblies, and Class Assemblies. Special occasions such as Easter Liturgies and the Mothers' Day Liturgy, Fathers' Breakfast and events such as the Christmas Concert Musicals continue to be regularly attended. However, this was limited this year due to a lot of events having to be modified or cancelled due to COVID.

Parent involvement at P&F meetings and associated activities such as the Family Fun Night have been excellent. Requests for parent assistance is met with much response. Parent feedback is generally very positive. Parents indicate a strong support for the safety of their children while at school, as well as for their behaviour and that of other children in class and around the school. Parents consider the behaviour management by the staff as very effective. Parents indicate a high support for the extra-curricular opportunities offered to students. There is a strong support for the classroom learning focus and homework expectations. Anecdotal feedback from parents is generally positive. When parents attend enrolment interviews, feedback from existing parents and knowledge of the school reputation within the wider community, are reasons communicated as the major influence for their decision to lodge an application for their child to attend the school.

STUDENT SATISFACTION

The student council are an excellent barometer for the attitude of the children as are newly enrolled students who have transferred from other schools whether it be from overseas or from within Australia.

There is a high level of student morale and a low level of distress amongst the students. They feel a strong connectedness to the school and see their teachers as having empathy for them.

Perhaps the most pleasing feedback is that the students feel a strong motivation to learn and be at school as well as feeling safe and secure at school.

		<p>A survey of Year 6 students revealed a high level of satisfaction with all areas of their classroom program and the offerings of the school.</p> <p>STAFF SATISFACTION</p> <p>Staff participates in collaborative decision-making processes relating to education and their contributions are valued and respected by the Leadership Team. They regularly attend Professional Development which ensures that they are cognisant of contemporary teaching pedagogy. They are provided with the resources necessary to maintain a challenging learning environment for the children.</p>
